Northern New Jersey

SUMMARY

Mechatronics and Aerospace Engineering student specializing in rapid prototyping, embedded systems, and EEG-based brain-computer interface research. Lead Researcher for a BCI project and Lab Assistant at Bergen Community College. TSA Club President managing 20+ students. Fluent in English and Spanish.

EXPERIENCE

Lead Researcher, Bergen Community College - June 2026 to Present

Brain Computer Interface

- Leading research on an EEG-based brain-computer interface system for decoding motor imagery signals to control a robotic arm.
- Managing IRB approval process for human subject testing
- Reviewing and synthesizing peer-reviewed literature from IEEE, Nature, and Cell journals

Lab Assistant/Intern - Sept 2026 to Present

Bergen Community College

- Overseeing all 3D printers and a resin printer for the STEM Research Center
- Collaborating with college students and faculty on research tasks
- Collaborating on the purchasing process for the STEM Center, machinery, and supplies.

Club President - Oct 2024 to Present

Technology Student Association

- Managing 20+ students across multiple project teams
- Placed 6th at 2024 NJTSA State Competition, qualifying for nationals
- Engineered drone assembly through precision soldering, custom 3D printed components, and flight controller optimization
- Coordinated workflow and task delegation for 6-member UAV drone development team while serving as primary pilot

SKILLS

- AutoCAD
- Fusion 360
- Rapid Prototyping
- 3D Printing
- Python
- Microcontrollers
- PCB Design
- Soldering
- Project Management
- Embedded Systems
- Adobe Premiere Pro
- Adobe Photoshop

EDUCATION

Applied Technology High School - Sept 2023 to Present

Mechatronics Major

- Relevant Coursework: Engineering Design, CAD Modeling, Embedded Systems, Robotics, Manufacturing Processes
- Project lead in 6+ engineering-based projects

Bergen Community College - Sept 2023 to Present

Dual Enrollment Student

ADDITIONAL INFORMATION

- **Languages:** English (Fluent) - Spanish (Fluent)
- **Certifications:** Autodesk Certification, CAD Certification, NOCTI Engineering Certification
- **Miscellaneous:** Peer Leader, Debate Club member
